

Industry leading equipment manufacturers combined with our application knowledge and experience yields solutions for our Municipal customers.

PROCESS EQUIPMENT

<p>AQUATURBO - SFA ENVIRO Floating High Speed Aerators & Mixers</p>	<p>KEYSTONE CONVEYOR Engineered Conveyor, Storage Bin & Loadout Systems</p>	<p>UIG TANKS EVERSTORE® Glass Fused to Steel Bolted Tanks</p>
<p>BCR Biosolids & Organic Waste Management</p>	<p>KUBOTA Submerged Flat Sheet Membrane BioReactors</p>	<p>ULTRAFLOTE Floating & Fixed Tank Covers</p>
<p>BEACON WATER TECHNOLOGIES Disk Filters</p>	<p>NEWTERRA - AEROMIX Aeration & Mixing Equipment for Lagoons</p>	<p>UNIFILT CORPORATION Filter Media</p>
<p>BIOAIR Dynamic Biological Odor Control Systems</p>	<p>ORTHOS LIQUID SYSTEMS Water & Wastewater Treatment Process</p>	<p>VULCAN INDUSTRIES Coarse & Fine Screens for Water & Wastewater</p>
<p>FKC Advanced Dewatering Equipment</p>	<p>PHOENIX Solids Dewatering & Thickening Equipment</p>	<p>WEDECO - XYLEM Ultraviolet Light Disinfection, Ozone Generation Systems & Advanced Oxidation Processes</p>
<p>FLUENCE Global Water, Wastewater & Reuse Solutions</p>	<p>RDP TECHNOLOGIES Lime Storage/Slaking Systems & Biosolids Stabilization</p>	<p>WESTECH - GENERAL FILTER Process Equipment for Water Purification & Wastewater Treatment</p>
<p>HERON INNOVATORS Suspended Air Flotation (SAF) for Water & Wastewater Treatment</p>	<p>SANITAIRE - XYLEM High Efficiency Aeration Diffusers & Sequencing Batch Reactors</p>	

VALVES, ACTUATORS, & GATES

<p>CLA-VAL Automatic Self-Contained Water Control Valves</p>	<p>FLOWSERVE - LIMITORQUE Actuators & Controls</p>	<p>RW GATE COMPANY AWWA Water Control Products Manufactured in Stainless Steel & Aluminum</p>
<p>EASYTORK Springless Pneumatic Quarter Turn Actuator for all Types of Valves Where Simple Process Control is Required</p>	<p>PRATT - MUELLER Butterfly, Ball, Plug, Knife Gate & Check Valves</p>	<p>VENT-O-MAT - RF VALVES Anti-Shock, Anti-Surge Air Release & Vacuum Break Valves</p>

Industry leading equipment manufacturers combined with our application knowledge and experience yields solutions for our Municipal customers.

PUMP EQUIPMENT

 <p>FLYGT - A-C CUSTOM PUMP Custom Pumps</p>	 <p>NETZSCH Rotary Lobe Positive Displacement Pumps, Built In The USA</p>	 <p>PEERLESS PUMP End Suction & Horizontal Split-Case, Vertical Turbine</p>
 <p>FLYGT - XYLEM Pumping Systems, Mixers & Agitators</p>		

AIR HANDLING EQUIPMENT

 <p>BEKO TECHNOLOGIES Conditioning & Monitoring Equipment for Compressed Air</p>	 <p>DEKKER VACUUM TECHNOLOGIES The Experts in Vacuum Solutions</p>	 <p>ROOTS Positive Displacement Blowers & Centrifugal Compressors</p>
---	---	--

INSTRUMENTATION & CONTROLS

 <p>DANFOSS SERVICE PARTNER Variable Frequency Drives, Soft Starts & Control Systems</p>	 <p>MJK - YSI - XYLEM Water Sensors and Water Monitoring Equipment</p>	 <p>PRIMEX Water & Wastewater Control Solutions</p>
 <p>INSITE IG Water & Wastewater Instrumentation, DO, TSS, pH, ORP</p>	 <p>PRECISION SYSTEMS Standby Power Systems for Critical Infrastructure</p>	 <p>SATRON Pressure & Consistency Transmitters and Turbidity Sensors</p>
 <p>MARMAC WATER Low Dose Automated Chemical Dosing Software</p>		

Since 1967, Gulf States Engineering Co., Inc. has served the municipal and industrial marketplace with rotating equipment solutions and service. In the early 1980's Gulf States Engineering expanded into water and wastewater treatment process equipment to meet the growing demand for high quality water and a cleaner environment.
